spondingly qualified individual is known to this office. His loss would be a severe blow to the Training Division and would seriously handicap instruction and the development of material and methods in these important subjects. As an indication of the special qualifications of this man it is to be noted that FE/OPC has laid on a special overseas training mission utilizing his services from 5 January through approximately 15 February 1952. In addition to instructional duties [REDACTED] has the function of coordinating training activities and methods with the research project on [REDACTED] being conducted by the [REDACTED] under direction of PL/PM and his non-availability for this function would hinder progress in this connection.

3. Accordingly, it is requested that the necessary steps be taken to extend [REDACTED] tour of duty with this agency for one year. This request is made with the concurrence of the individual concerned. Request was not initiated prior to this time only because we had understood that his present tour would not be completed until August 1952.
